Dear Ms. Thangavelu:

The National Republican Congressional Committee (FEC ID# C00075820) is in receipt of your Request for Additional Information dated February 12, 2008, concerning our Amended October Monthly Report (9/1/07-9/30/07), filed on 1/7/08.

With respect to the in-kind contributions to federal candidates disclosed on Line 23: as you noted, the amended report incorrectly included \$11,085 in the disbursement total that should have been reported only as memo-entries (as they were on the Committee's original filing). The Committee has previously indicated that it is in the process of preparing comprehensive amendments for its recent reports, and will correct this discrepancy with those amendments.

Your letter also addresses memo-entries included on this amendment that are provided as additional information for certain itemized transactions. The total amount of these itemized transactions is \$ 28,935.80, and the total amount of the supporting memo entries is \$26,757.93. The memo entries do not of course include vendor amounts where the aggregate year-to-date amount for payments to that vendor did not exceed \$ 200, and we are unable to determine any discrepancy with respect to this issue.

Sincerely:

Keith A. Davis, Treasurer
National Republican Congressional Committee
